

## Team Safe Trucking Driver Safety Training Programs

South Carolina Timber Producers Association is providing your company with **Team Safe Trucking Driver Refresher Training Program**. TST training courses are the most convenient and user-friendly truck driver safety training courses available. They focus specifically on transportation of forest products. Trainees can access TST training courses at any time using a smart device or computer with internet access. A detailed record of completed courses, the training material used for training, the date and time the training was completed, and a training certificate is available for each course completed through the online training management platform. This information can be made available to business owners, insurance companies and logger associations. The convenience of “on-demand” driver safety training will save time and money, allowing more time for productivity while complying with governmental and insurance carrier mandates. These courses can be accessed free of charge. This unique training platform is designed with input from forest products truck drivers, owners, and other experts across the nation.

### Team Safe Trucking Driver Safety Training Modules Outline (additional modules available covering various subjects)
